## AGSENCSS Datasheet

### Stainless Steel Solenoid Valve Enclosures

#### Product Overview

Designed for general purpose indoor commercial use to enclose mechanical valves such as solenoid valves & ball valves. The hinged cover with latch provides easy access during installation and maintenance.

#### Standards

#### Construction

- ✓ Continuous seam welded 16 gauge steel or stainless steel construction
- ✓ Hinged cover clamps to the base with keyed quarter turn latch for a watertight seal
- ✓ External mounting brackets allow box to be mounted on a wall or panel without having to remove the cover and exposing internal components to the environment
- ✓ Bonding studs for grounding are provided on base and door
- ✓ Internal panel and hardware included
- ✓ Easily machined and modified to your particular requirements
- ✓ Rigid door design
- ✓ Continuous gasket
- ✓ Bar folded flange to enhance seal performance
- ✓ Additional rubber washer inside mounting brackets to enhance water resistant seal
- ✓ Added locks in larger size enclosures

#### Finish

- ✓ Smooth gray powder coat, Internal Panel - Clear Zinc plate

## Sizes Available

Part Code	Height ± .25 (inches)	Width ± .25 (inches)	Depth ± .25 (inches)
