Stainless Steel Solenoid Valve Enclosures

Product Overview

Designed for general purpose indoor commercial use to enclose mechanical valves such as solenoid valves & ball valves. The hinged cover with latch provides easy access during installation and maintenance.

Standards

UL508A, Type
3R, 4, 4X, 12

CSA TYPE
3R, 4, 4X, 12

IEC 60529, IP66

Construction

- ✓ Continuous seam welded 16 gauge steel or stainless steel construction
- ✓ Hinged cover clamps to the base with keyed quarter turn latch for a watertight seal
- ✓ External mounting brackets allow box to be mounted on a wall or panel without having to remove the cover and exposing internal components to the environment
- ✓ Bonding studs for grounding are provided on base and door
- ✓ Internal panel and hardware included
- ✓ Easily add flush mount surround picture frame - sold separately
- ✓ Rigid door design
- ✓ Continuous gasket
- ✓ Bar folded flange to enhance seal performance
- ✓ Additional rubber washer inside mounting brackets to enhance water resistant seal
- ✓ Added locks in larger size enclosures

Finish

- ✓ Brushed stainless steel
